Overall Length:

44.300 inches

Overall Width:

33.900 inches

Material Thickness:

0.016 inches

Aircraft Location:

Web, firewall installation, forward nacelle

Aircraft Mission Design Series:

B-52

Special Features:

Class 7 is optional

Material:

Titanium

Material Specification:

Mil-t-9046 class 6 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-t-9046 spec.
