**Overall Length:**

55.000 inches

**Overall Width:**

6.000 inches

**Material Thickness:**

0.040 inches

**Side For Which Designed:**

Right side

**Aircraft Location:**

Intermediate longeron, inbd and outbd strut fairing

**Aircraft Mission Design Series:**

B-52

**Special Features:**

Commercially pure sheet; finish f-10.15; opposite pn -515

**Material:**

Titanium

**Material Specification:**

Mil-t-9046c cls 6 military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400

**Mil-std (military Standard):**

Mil-t-9046c spec.
