Overall Length:

13.900 inches

Overall Width:

3.000 inches

Material Thickness:

0.036 inches

Side For Which Designed:

Left side

Aircraft Location:

Jacking column, fwd engine mount

Aircraft Mission Design Series:

B-52

Special Features:

Optional aisi 17-7ph per bms 7-12a; comp 350

Material:

Steel

Material Specification:

Bms 7-45 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
