Overall Length:

14.200 inches

Overall Width:

2.300 inches

Material Thickness:

0.063 inches

Side For Which Designed:

Right side

Aircraft Location:

Inbd/outbd angle strut fairing

Aircraft Mission Design Series:

Aircraft model b-52

Special Features:

Opp - 801

Material:

Steel comp 4130

Material Specification:

Aa-qq-s-685 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
