End Application:

B-52

Aircraft Location:

Tee extrusion, support instl, aft cowl

Special Features:

Opposite pn 35-102720-81

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-277 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
