Overall Length:

24.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.032 inches

Side For Which Designed:

Both sides

Aircraft Location:

Strap, longeron, upper cowl panel assembly

Aircraft Mission Design Series:

B-52

Special Features:

Heat treated 180, 000-200, 000 psi; finish f-8.05

Material:

Stainless steel

Material Specification:

Mil-s-25043, 17-7ph, annealed, cond 2d military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-s-25043 spec.
