Overall Length:

7.500 inches

Overall Width:

5.300 inches

Material Thickness:

0.080 inches

Aircraft Location:

Use as channel on support installation, aft cowl

Aircraft Mission Design Series:

B-52 acft

Special Features:

Opposite 35-10720-143

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
