**Overall Length:**

8.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.050 inches

**Aircraft Location:**

Panel-engine wrap cowl, upper, assembly

**Aircraft Mission Design Series:**

B-52h

**Special Features:**

Matl: clad sht; 0 temper; ht t4; opp -832

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
