Overall Length:

8.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Panel-engine wrap cowl, upper, assembly

Aircraft Mission Design Series:

B-52h

Special Features:

Matl: cl sht; 0 temper; opp -831

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
