**Overall Length:**

25.000 inches

**Overall Width:**

12.000 inches

**Thickness:**

0.012 inches

**End Application:**

B-52

**Side For Which Designed:**

Left side

**Aircraft Location:**

Panel assembly, inner skin, p/n 25-2382-4

**Special Features:**

Opposite -9

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
