Overall Length:

2.000 inches

Overall Width:

1.500 inches

Material Thickness:

0.020 inches

Side For Which Designed:

Left side

Aircraft Location:

Canted frame seal, upper cowl panel assembly

Aircraft Mission Design Series:

B-52

Special Features:

Finish f-8.05; opposite pn -180

Material:

Steel comp 301

Material Specification:

Mil-s-5059, aisi hard military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-s-5059 spec.
