Overall Length:

89.500 inches

Overall Width:

15.000 inches

Thickness:

0.012 inches

End Application:

B-52

Aircraft Location:

Tip assembly, trailing edge fairing, as outer skin outboard

Special Features:

Opposite to p/n 25-2779-9

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
