Overall Length:

2.500 inches

Overall Width:

2.500 inches

Material Thickness:

0.400 inches

End Application:

B-52

Special Features:

Laminated thermo-setting sheet, asbestos, phenolic resin

Material Specification:

Mil-p-8059, grade aa military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-p-8059 spec.
