**Overall Length:**

39.000 inches

**Overall Width:**

3.200 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Panel-engine wrap cowl, upper, assembly

**Aircraft Mission Design Series:**

B-52

**Special Features:**

Matl: clad sht; 0 temper; opposite -535

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-287 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
