End Application:

B-52

Aircraft Location:

Cap tee-inner, frame instl, canted nose cowl

Aircraft Station Number:

70.00

Special Features:

Bac 1506-1347 x 65.600 in.

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-267 extrusion federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
