End Application:

A-10

Aircraft Location:

Front to rear spar wing

Aircraft Station Number:

187.14

Special Features:

Tee

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11 t6511 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
