Overall Length:

4.000 inches

Overall Width:

2.750 inches

Material Thickness:

2.250 inches

Side For Which Designed:

Left side

Aircraft Location:

Anti-rotation stabilizer actuator

Aircraft Mission Design Series:

F-15

Material:

Steel

Material Specification:

Ams5629 ph13-8 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
