**Overall Length:**

21.000 inches

**Overall Width:**

12.000 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Strut structure assembly, inboard

**Aircraft Mission Design Series:**

B-52

**Special Features:**

6a1-4v; opposite pn 25-2303-19

**Material:**

Titanium

**Material Specification:**

Bms 7-39, annealed assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
