Overall Length:

16.000 inches

Overall Width:

11.000 inches

Material Thickness:

0.040 inches

Aircraft Location:

Doubler cowl fire extgr door

Aircraft Mission Design Series:

B-52

Special Features:

0 temp; heat treat t4; finish f-2.115

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
