**Overall Length:**

16.000 inches

**Overall Width:**

11.000 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Doubler cowl fire extgr door

**Aircraft Mission Design Series:**

B-52

**Special Features:**

0 temp; heat treat t4; finish f-2.115

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
