Overall Length:

4.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Qec kit

Aircraft Mission Design Series:

C-130

Special Features:

Function as angle

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5 t42 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
