**Overall Length:**

4.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.050 inches

**Aircraft Location:**

Qec kit

**Aircraft Mission Design Series:**

C-130

**Special Features:**

Function as angle

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/5 t42 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
