Overall Length:

16.000 inches

Overall Width:

5.500 inches

Material Thickness:

0.063 inches

Aircraft Location:

Used as channel on intercostal, cowl body panel, upper

Aircraft Mission Design Series:

B-52 acft

Special Features:

Opp 39-14698-502

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
