Overall Length:

10.330 inches

Overall Width:

5.180 inches

Thickness:

3.570 inches

End Application:

C/kc-135 aircraft

Aircraft Location:

Air scoop on fan duct engine low pressure turbine

Aircraft Mission Design Series:

C/kc-135

Special Features:

Aluminum alloy casting 356, heat treated to cond t-51; made from -2 casting; finish f-2.47; 2.360 in. Diameter outlet

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
