Overall Length:

2.530 inches

Overall Width:

1.690 inches

Material Thickness:

0.250 inches

Aircraft Location:

Wing inner torque box

Aircraft Mission Design Series:

F-15

Special Features:

Used as spacer; retrofit-spar beef-up

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/24 t76 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
