Overall Length:

12.480 inches

Overall Width:

3.000 inches

Aircraft Location:

Upper trailing edge, aileron

Aircraft Station Number:

144.18 to 156.68

Aircraft Mission Design Series:

C-141

Special Features:

Includes spring and pad; used as seal

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
