**Overall Length:**

15.500 inches

**Overall Width:**

8.700 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

35-10700 door installation

**Aircraft Mission Design Series:**

B-52

**Special Features:**

Finish f-1.20; used as doubler

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 t0 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
