Overall Length:

1.625 inches

Overall Width:

0.625 inches

Material Thickness:

0.050 inches

Aircraft Location:

Brace, clamp block; fairlead assembly

Aircraft Mission Design Series:

F-15a/b/c/d

Special Features:

Used on aircraft and in kits

Material:

Steel comp 301

Material Specification:

Mil-s-5059 1/4 hd military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-s-5059 spec.
