Overall Length:

2.750 inches

Overall Width:

0.500 inches

Material Thickness:

0.040 inches

End Application:

F-5f aircraft

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
