Overall Length:

17.000 inches

Overall Width:

12.000 inches

Thickness:

0.250 inches

End Application:

F-16

Side For Which Designed:

Left side

Aircraft Station Number:

Fs446.10 to fs462.82

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
