Cross Sectional Shape:

Arched

Edge Shape:

Rectangle, no holes

Securing Device Type:

Hinge

End Application:

F-16c/d aircraft

Special Features:

Has latch buttons and a latch; nha-16b411-1; eff on-5c 0001 9999

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4-t81 federal specification single material response

Fsc Application Data:

Access to elec, nacelle, fs 224 to 236

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
