Overall Length:

72.500 inches

Overall Width:

1.500 inches

Material Thickness:

0.063 inches

Aircraft Location:

Splice plate on engine nacelle nose cowl assembly

Aircraft Mission Design Series:

Kc-135

Special Features:

Temper t3; finish f-2.115

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
