**Overall Length:**

72.500 inches

**Overall Width:**

1.500 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Splice plate on engine nacelle nose cowl assembly

**Aircraft Mission Design Series:**

Kc-135

**Special Features:**

Temper t3; finish f-2.115

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
