End Application:

F-16c/d usaf aircraft

Functional Description:

Fairing, connector-bl 180.00

General Description:

Same as and replaces -9; made from -7 casting; material to be a356-t6 per ams-4218 except tensile properties to be 38 ksi ultimate, 28 ksi yield, and 3 % elongation; nha-16w030-821; eff on-0008 9999

Fsc Application Data:

Aircraft structural component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
