Overall Length:

10.000 inches

Overall Width:

3.000 inches

Material Thickness:

0.063 inches

Aircraft Location:

Bracket, wiring harness support

Aircraft Mission Design Series:

F16

Special Features:

Nha 16d61720-3; eff 5c 0001 9999 on f-16c/d; nha 16d41720-803; eff 61 0619 9999 on f-16a/b

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
