Overall Length:

39.000 inches

Overall Width:

34.000 inches

Material Thickness:

0.020 inches

Aircraft Location:

Shield installation, internal hea

Aircraft Station Number:

Fs446.10 to fs479.55

Aircraft Mission Design Series:

F-16c/d

Special Features:

Eff on 5c 0178, 0180, 0182, 0188, 0190, 0192, 0194; opposite -83; replaces -82 shield; nha 16b6312-8-07

Material:

Titanium alloy

Material Specification:

Mil-t-9046 type i comp b cond afinish t100 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-t-9046 spec.
