Overall Length:

15.700 inches

Overall Width:

8.800 inches

Material Thickness:

0.063 inches

Aircraft Location:

Fuel flow signal conditioner pan support

Aircraft Mission Design Series:

Kc-135

Special Features:

Finish f-2.59; c/o 1 pan, 8 nutplate; nha 458-43849

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
