**Overall Length:**

18.000 inches

**Overall Width:**

6.000 inches

**Material Thickness:**

0.063 inches

**Aircraft Location:**

Inner fan-nacelle diaphragm installation

**Aircraft Mission Design Series:**

E-3a

**Special Features:**

Finish srf 2.30 cond 0

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5-t42 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
