**Overall Length:**

30.500 inches

**Overall Width:**

2.400 inches

**Material Thickness:**

0.032 inches

**End Application:**

1520-00-859-2670

**Special Features:**

Bow shape; I cross section; w/o rivet holes

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Relationship To Similar Equipment:**

Similar to nsn 1560-01-141-1965 p/n 205-030-808-27 angle, bulkhead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
