Overall Length:

43.500 inches

Overall Width:

2.500 inches

Material Thickness:

0.040 inches

End Application:

1520-00-859-2670

Special Features:

V cross section; w/o rivet holes

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 t3 federal specification single material response

Relationship To Similar Equipment:

Similar to nsn 1560-00-163-5102 p/n 205-030-899-37 stiffener, fin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
