Overall Length:

130.000 inches

Overall Width:

37.000 inches

Thickness:

0.025 inches

End Application:

C-130

Aircraft Location:

Leading edge, flap

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 assn standard single material response

Specification Or Standard:

T3 temper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
