End Application:

1520-00-859-2670

Functional Description:

Cap assembly right hand beam b.L. 14.00

Reference Data And Literature:

Synthetic spares frg program

Relationship To Similar Equipment:

Similar to nsn 1560-01-118-5565 p/n 205-030-164-315 cap, beam

General Description:

T cross section; component q type 3; 1 each p/n 205-030-161-30 cap, p/n 205-030-161-26 doubler and p/n 205-030-161-21 radius block;
w/o holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
