Overall Length:

19.000 inches

Overall Width:

8.000 inches

Thickness:

0.063 inches

Aircraft Location:

Innerfan diaphragm bifurcator assembly

Aircraft Mission Design Series:

E-3a

Special Features:

Finish srf 2.30

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-0 t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
