Overall Length:

60.000 inches

Overall Width:

2.850 inches

Material Thickness:

1.820 inches

Product Name:

Repair member

Aircraft Location:

Repair member no.4 bilge area

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-277 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
