| Aircraft Location:                                      |
|---|
| Rear beam wing box hinge bracket                        |
| Aircraft Station Number:                                |
| Ail sta 167.147   |
| Aircraft Mission Design Series:                         |
| C-5b  |
| Special Features:                                       |
| Opposite -103e  |
| Material:   |
| Aluminum alloy 7075                                     |
| Material Specification:                                 |
| Qq-a-367 federal specification single material response |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:  |
|   |
| Demilitarization:                                       |
| Yes - demil/mli   |
| Filg:   |
