Overall Length:

31.000 inches

Overall Width:

11.600 inches

Material Thickness:

0.050 inches

Aircraft Location:

Former instl

Aircraft Station Number:

Fs151.20

Aircraft Mission Design Series:

A-10a

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
