Overall Length:

56.000 inches

Overall Width:

29.000 inches

Thickness:

0.063 inches

Criticality Code Justification:

Feat

Aircraft Location:

Inbd accessory compartment door skins nacelle

Aircraft Mission Design Series:

A-10a

Special Features:

Form, fit, function

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
