**Cross Sectional Shape:**

Arched

**Body Thickness:**

132.890 inches

**Securing Device Type:**

Special

**End Application:**

Ah64a

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531m0
