Overall Length:

73.000 inches

Overall Width:

5.300 inches

Material Thickness:

0.220 inches

End Application:

F-15

Aircraft Location:

Outboard

Aircraft Station Number:

W130.625

Special Features:

Opposite -2008; splice

Material:

Titanium alloy

Material Specification:

Mil-t-9046 typ iii comp e cond anld military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-t-9046 spec.
