Overall Length:

7.800 inches

Overall Width:

2.660 inches

Material Thickness:

0.032 inches

End Application:

F-15

Aircraft Location:

1005 repair vertical stabilizer

Special Features:

Also known as a doubler

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
